

PRODUCT INFORMATION

A PRODUCT OF VALVOLINE CUMMINS PVT. LTD.

Valvoline Amber EP1 / EP2 / EP3 Grease

Product Description

Valvoline Amber EP1 / EP2 / EP3 Grease are extreme pressure greases formulated with premium quality mineral base oil and special additive chemistry. They possess excellent load carrying and anti-wear properties. Valvoline Amber EP1 / EP2 / EP3 greases provide outstanding mechanical and roll stability, excellent wear protection, good resistance to water washout and effective protection from corrosion under severe operating conditions.

They provide continuous lubrication as grease stays between lubricated surfaces.

Features and Benefits

- Excellent extreme pressure properties for efficient lubrication
- Good water resistance properties
- Excellent protection against rust & corrosion
- Low oil separation coupled with excellent mechanical and roll stability

Performance specifications

- Meets all the parameters of IS 7623: 2019 specification
- Meets all the parameters of IPSS:1-09-005-20 3rd Rev specification

Applications

Valvoline Amber EP1 / EP2 / EP3 Grease are recommended for lubrication of both plain & anti-friction bearings in a wide variety of applications such as automotive, earthmoving equipment, gear coupling, mining equipment & other industrial applications.

Typical Characteristics

	<u>Amber EP1</u>	<u>Amber EP2</u>	<u>Amber EP3</u>
NLGI Grade	1	2	3
Type of Soap	Lithium and Proprietary	Lithium and Proprietary	Lithium and Proprietary
Worked Penetration (60 Strokes) @ 25°C	310-340	280-300	220-250
Dropping Point, °C, min	180	180	180
4 Ball Weld Load, kg	250	250	250
4 Ball Wear Scar Dia. mm, max	0.6	0.6	0.6
Timken Ok Load, Kg, min	22	22	22
Corrosion preventive, Rating, Max	1	1	1
