

PRODUCT INFORMATION

A Product of Valvoline Cummins Pvt. Ltd.

Valvoline ZF EE TH 46

PRODUCT DESCRIPTION

Valvoline ZF EE TH 46 Oil is a zinc free, premium quality, high performance hydraulic oil. It is formulated from premium quality base oils with outstanding oxidation and thermal stability. It is free from ash forming components and zinc. The product is further fortified with premium additives plus a **special shear stable viscosity index improver** which offers energy efficiency as well as longer drains capabilities.

Valvoline ZF EE TH 46 exhibits excellent anti-wear and corrosion protection properties, outstanding oxidation and thermal stability, good foam control properties as well as good water separation characteristics.

APPLICATIONS

Valvoline ZF EE TH 46 is recommended for all hydraulic applications including critical systems in industrial and mobile equipment using high pressure vane, gear & piston pumps. It is suitable for use in various types of earthmoving equipment working in harsh environment and subjected to extreme temperature variations.

Valvoline ZF EE TH 46 is specially recommended for excavators and other civil engineering, agriculture, marine, transport and other industrial applications.

PERFORMANCE STANDARDS

Dennison HF-0, HF-1, HF-2
DIN 51524 Part III
Eaton Vickers I-286-S Industrial Equipment
Eaton Vickers M-2950-S Mobile Equipment
General Motors LS-2
Cincinnati Machine P-70
Bosch Rexroth RE 90 220
ISO 11158 HV
ASTM D6158-99 HV
SAE MS1004 HV

PERFORMANCE BENEFITS

- Shear-stable viscosity modifier ensures optimum viscosity in wide range of operating temperatures.
- Excellent anti-wear properties.
- Outstanding thermal and oxidative stability.
- Good demulsibility.
- Excellent protection against rust & corrosion.
- Longer drain capable.
- Energy efficient.

TYPICAL CHARACTERISTICS

ISO VG	46
Kinematic Viscosity, cSt @ 40°C	47.3
Viscosity Index	182
Flash Point, COC, °C	220
Pour Point, °C	-36
